“ For two people who became as close as we ended up becoming, we didn't exactly have an ideal start.... But I think in a way, that's what actually brought us closer.... is the rough road that we had to travel to get where we got. I felt like I was a partner in crime, getting caught up with you in some tricky moments and that Brad had to just despise me at times for always being with you when this happened, but we had some crazy adventures and he just loved you no matter what. I really admire you and your spirit. Your positive attitude and your willingness to help everyone around you. All the animals that you would foster, I couldn't imagine being able to do that and you did it without a second thought. You're honestly one of the most loving and amazing people I have known, and I feel so blessed to have had the opportunity to know you and love you as one of my closest and dearest friends. <3

“ Cheryl - As a friend, and as a local DJ here in town, it was always a pleasure watching you enter a room and light up the place with your cheery, happy, and very energetic mood. Whether I was DJing a Friday night at The Firehouse, or enjoying our little group dances at The One a couple years back, you lit up the dancefloor and everyone enjoyed your dancing and appreciation for the music. it was definately a pleasure having you at my show on the 26th and THAT smile, and the cheers and adornment you created throughout the place with your energy will be one of my favorite memories. Thoughts and prayers go out to the family in their time of loss.

“ Cheryl ~ I still can't believe you're gone! Your passing left a huge empty space in so many people's lives. I'm so grateful for you, Melinda, and her husband coming out to help me with my house, then after all of that, you went to pick Faith up with me, so you could be among the first people to welcome her to Utah! I'm so glad I got the pictures of you helping her out of the truck...I posted them on your picture page on here.

*I can't even tell you in enough words how exceptionally helpful you were when I needed to find babysitters for my dogs so I could go visit my parents. Not only did you step up & take a few of them, but you came up & gave the rest of them a ride to the other babysitters house, and brought them all home too! Like I said, there are not enough words on this earth for me to express how grateful I am that you (& Zarek) did that for me. It helped me immensely, and took a great deal of the stress I had been feeling off of me.*

*Finally, thank you again for those beautiful candles that you made for my parents & for Luke! Both my parents & I will treasure them forever. You are just the most thoughtful, generous, kind hearted person I ever met. Every time Hunter uses her backpack, I will remember the day you brought it over.*

*I love you, Cheryl!!!*

*Cathy, Hunter, "your big buddy" Gemini, and the rest of the Williams crew.*

*"See you on the other side"*

*Romans 8:38-39 (New International Version (NIV) )*

*38 For I am convinced that neither death nor life, neither angels nor demons,[a] neither the present nor the future, nor any powers, 39 neither height nor depth, nor anything else in all creation, will be able to separate us from the love of God that is in Christ Jesus our Lord.*

“Cheryl, we were inseperable when you lived here in Santa Maria. We had so much fun! Im glad I have such great memories of you to hold on too! I remember everyone always asking if we were cousins, so finally we just started saying yes, and that has stuck with me. I also remember going to your house and to your Grandparents all the time. You always sang songs and I remember singing and jumping off my couches LOL! You gave me a picture of you in a frame to wear as a necklace back in HS, and i still have it to this day! Everytime I drive by their old house it just brings back memories of us!! You were a wonderful person, loving mother, and friend!! Im going to miss you! But I will always have you close to my heart! You now are a angel watching over all of us!! You are now not suffering anymore! Rest in Peace my sweet cousin. I love you and miss you!!

*Love your cousin*

*Elizabeth or Lizabeth that you use to call me!!*

“ Cheryl, you always made me smile. You actually taught me how to text using "T-9!!" I loved getting to know you and your family through my employment. I know how much you love your boys and how much they love you. I was so blessed to get to hold them and love them and see them grow into such handsome young men. I have my business card holder that the boys made me sitting right in front of me on my desk. Brad is an amazing man, a big 'ol Teddy Bear! He is a great father and will take care of your boys as you help and watch from above. May you rest in peace. Love ya, Heidi :)

“ Cheryl I was so lucky to not only have you as my best friend growing up but you married my brother. Not many people get to have their best friend as a sister but I did. You brought me out of my shell and brought so much laughter and joy in my life. My best memory of you was in middle school you knew I had a huge crush on a certain boy that you knew I was too shy to approach. So in true Cheryl form as we were walking down the hall to class you ran up and grabbed this boys butt and ditched out and hid behind the lockers leaving me standing there alone as he turned around to see only me standing there dying of embarrassment. As I ran off in horror to you there you were sitting on the ground dying of laughter. You were such a fun and loyal friend. I lost a piece of my heart with you but I will always have nothing but the fondest memories of you. Now your beautiful voice will be singing in the heavens and will be by all of our sides as our beautiful guardian angel. May you rest in peace my beautiful angel. I wish I could be at your service but you know my heart is with you, my nephews and your family in such a hard time. You will be missed.
