“ Karmen,

I was surprised to hear about Dan's passing. I know that he is in a good place without any of the ailments that plagued him here. I was so happy to hear that he had joined the church and hopefully you can work on getting his temple work completed next year. The plan of salvation is marvelous!

I miss seeing you and singing together. We had some great times and our husbands joined in too. I hope you are doing well (sorry, I don't know where you are living now). Take care of yourself and know that you are loved and thought of often.
