“ Oh no.. didn't expect to find this. I lost touch with Darrell some years ago, now and then I search on names of old friends...I worked with Darrell at TV5 in Las Vegas for over 16 years. He was the first person there to be friendly and kind, taught me a lot about the equipment, always ready and willing to answer questions and help in any way he could. He, I, and the Dir. of Engineering used to go fly R/C airplanes on weekend mornings. I got my first and second PC's from Darrell, he helped again by teaching me a lot about computers and helped upgrade them, installing software, etc. He truly was my best friend in those years. He had told me he had some heart problems. I didn't know any more than that. Thank you for all your kindnesses and friendship Darrell. Rest in peace.

*PS: In fact "taught me a lot about the equipment", doesn't even cover it... when I started at TV5, those were the days when if the bosses thought you were smart enough to be taught, they'd hire you even if you didn't have a degree and years of experience. When I transferred from Production to Engineering, Darrell literally taught me how to do my job as a Master Control Operator, and to do it very well. It was him who taught me nearly everything about a TV station, and computers. One of, if not the nicest, most patient people I have ever known. My heartfelt condolences to all his family, and his wife Carla. I left TV5 in 2000, left Vegas shortly thereafter. I gave him that big brown wood old tube-type table radio, I wonder if he ever got that to work on FM? Betting he did. Goodbye old friend.*

“ Uncle Darrell was a very nice and loving man. We were very close and he would always call me by real name. Loved all of our talks and times together. Very special is the last picture we took together at my daughters wedding. He was not feeling great but made the trip and I love that he did. Rest in peace Uncle. We will all miss you.

Love,  
Sherilyn

“ I have many fond memories of Darrell since I married his Brother, Kerry, 42 years ago. When you you get to know Darrell he had a fun sense of humour, very much like Dad Lowe. Over the years Darrell spent many times at our home bringing his dogs. When here Darrell loved driving to the ocean seeing Monterey and Pacific Grove area which was a favorite for all of us. Other times we enjoyed time at the family cabin at Lake Tahoe. Darrell loved food and when here I would always cook his favorite meals.  
I will always have happy memories spent with Darrell. May you have peace always.

Love,  
Pam Lowe

“ I will miss my Uncle Darrell very much. When I was growing up in the Summertime I would go to the Lake Tahoe cabin where my Grandparents would be there for a few weeks. Uncle Darrell would be there on vacation bringing his dogs. I have many happy memories of many projects and walks with his dogs and trips to get things while working on the cabin. I also remember trips on the lake in his homemade kayak. Other times I remember are the get togethers for Thanksgiving and Christmas. Many times I really enjoyed talking to him about computers and movies. Our family would also visit him at his Las Vegas home.

As a teenager he also took me to the waterslides and movies. I will always remember the good times with his dogs: Thumper, Gracie, Scooter,, and Lucky.

I love him and I will always miss him very much.

Love,

Andrew Lowe

“ *Darrell was my brother and news of his passing was upsetting. I have many memories growing up as a kid and then as an adult. These past few years I know that Darrell's health has deteriorated and it was sad after, his retiring from a, full carrier in communications that he would not be able to enjoy items on his bucket list. I will always treasure these memories and that I know that he isn't suffering anymore. Now as he looks down at us someday I will be by his side with Dad, Mom, and my brother and sister.*
