David was my cousin's husband and such a good man. His passing leaves a loss that can't be filled. He always put everyone first and adored his family beyond words. I love you, David. We'll do our best to take care of your girls. ❤️

David was liked by everyone. I work at Princess and whenever I came to the lunchroom I found him surrounded by many friends. We all loved his dry sense of humor and would laugh the whole entire lunch hour. He would also listen to your rants and complaints and offer solid pieces of advice to make you feel better. Most importantly you knew he loved his family more than anything. He would light up talking about his daughter and always bragged about his wife. We will all truly miss this special person.
