“ Hello, I am Shirah and I am one of the 3 "natural" children mentioned Don's obituary. I am not sure why anyone bothered mentioning us, as he has nothing to do with us in well over 30 years. His last communication to my sister was a typed letter mailed her to stating he wanted nothing to do with us in 2020. My sister had reached out to him because she had innocent questions about him and why he abandoned us. Maybe he didn't want his current family to know his secrets. Who knows.

I just found out of his passing due to notification of the probate of the estate; 5 months after his passing. His "natural" children's names and birthdays are wrong in his Will. I am glad he was able to a father to step kids while never caring about his "natural" children.

I hope he was a better person to those in his immediate life. I would be interested in hearing from any of the step children shirahrc@gmail.com

“ I met Don thru the Jensen family as uncle don and that's how he was known to me. I knew him for quite a few years and was fortunate enough to have worked with him for a while at a local paint store. He was truly a gentle giant and a pleasure to be around. After he retired again from the paint store he would often ride with me to Kanab or mesquite for the day while I delivered my orders. We had a great time talking about motorcycles and motocross, food (he was a great cook) and many other things. What a great person, he will be missed Tony c. Rip Uncle Don
