“ So many of our classmates as well as others have fond memories of Donnitta. She was smart, funny and an all around good person. I always enjoyed my interactions with her and the memories that go clear back to grade school. Sending love and sympathy to her children and other family members. Donnitta was a special person!

“ Donnitta and I were we're close friends in tenth grade. I remember here coming to my house for sleep over and a trip we made together to Las Vegas. I never knew her to be anything other than just kind and wise. Her laugh just made me want to laugh and be positive.

We were partners in home economics class and I remember the pitiful pumpkin pie we made together. We had neither one ever made pit before and you sure could tell by our efforts we didn't know what we were doing. She won the toss of taking the pie home and she assured me that while it looked less than cookbook perfect it tasted quite fine.
