

## Elgin Quinn Bushhead

May 16, 1964 - January 10, 2017

Elgin Quinn Bushhead entered this world May 16, 1964, alongside his sister Silvia in Clark County, NV. The proud parents were Laverna Anderson Bushhead and Willard Bushhead. Awaiting them was older brother Leo. These three siblings stuck together like glue moving between Moapa and Shivwits Paiute Reservations. After the death of their mother and the leaving of their father, the siblings resided in Moapa and were cared for by various community members and the Frank family took them in and raised them. Elgin graduated from Moapa Valley High School in 1982.

Elgin joined the U.S. Navy and being of a gentle soul he went AWOL and was discharged. He met a young lady, and through this union was born a daughter, Cassandra Lockwood. They separated and Elgin continued with his nomadic life style living in Las Vegas, Los Angeles and Salt Lake City; after a time met and married Cindy Charles and to this union was born a son David. They were separated and once again Elgin returned to his nomadic lifestyle.

Elgin was residing in San Diego as a free spirit where he was attacked while strolling down a sidewalk with a friend. He has been residing in a nursing home resulting from head injuries from the attack. It is at this facility where he met his demise on January 10, 2017.
