“ I know this is kind of late but I still want to send my condolences. I am so sorry that I wasn't able to attend the services but I had a couple of medical issues to take care of.

*I loved Betty. There truly was something special about her. She was like an angel that was living on this earth. I lived about 2 blocks from her in Hurricane. Her and Bob drove by quite often and she would always wave to me when I was outside.*

*Betty and Bob were a very special couple also. They were very respectful of each other and complemented each other. I know you will miss her a lot, Bob, and my sympathy goes out to you. My sympathy also goes to the children and grandchildren. Betty loved her family and would do anything for them. I'm sure you know that you were very fortunate for having had her in your lives.*

*Sincerely, Janet Perkins*

“ We feel so blessed, having had Betty in our lives even though it was for only a few years. When we met on a cruise ship, it was an instant connection. Our friendship grew through trips to Utah, Colorado and Kansas. Never was there a feeling of having to get reacquainted.....we just picked up where we left off. With the many children, in-laws, grandchildren on Betty's card list! she always remembered us for birthdays and Christmas. Our two Bobs became a comedy team, always trying to outdo one another. Bob, you have our sincere sympathy. We hope to express it in person one day. Shirley and Bob McGeary.

“ Dear Jensen family (particularly Bob and Betty's children), thank you for allowing me to share my memories of your mom at her graveside service. I wasn't able to attend her funeral, so being able to share my love for your sweet momma was extremely healing, as I just loved her so much. May you be comforted by the spirit as you heal from her sudden passing. Betty's legacy will live on (in my own life) as I pass along some of the precious lessons she taught me. Meeting Betty for the first time, in the temple- the House of The Lord, was amazing. I look forward to the time when I can meet her again in the presence of our Lord. With love , Malea Scott

“ *I remember Betty when she babysat for us kids when Bill and LaVeta Harvey were out of town. She was a great lady. Not only was she a good cook and care-taker, but she taught us how to twirl a baton and other funky things. What a wonderful example she was for us. My love goes out to her husband and her children. She was a sweetheart!*
