“ Our mother "Pearl" and Jack, Gary's father, were married in 1951. Brothers Bob and Gary were sophomores in the same high school class. Our family really knew (and still does) value the wonderful human trait of humor. Humor and pranks traveled top to bottom, bottom to top. It was respect, humor and family thereafter. Later after all of us had "left the nest" and moved on to our new families we capitalized on any chance to get together. There were not many but when they did happen it was all fun and happiness. We choose to remember those wonderful times as they were. Remember us "Kingfish" (inside joke). We love you; we will remember you forever, Dear Brother. Rest in Peace.

“ I'll always remember your laugh - it started out as a chuckle and gradually grew to a full laugh if you were really amused! Thought about you a lot even though we didn't stay in touch. I know your friends in St. George were your family - you were very blessed. Rest in peace, Laura

“ Garry was one of my best sincerest friends. He caring, kind, and generous. His ability to look at life with his special perspective was inspirational in my life. He had the ability to have me see humor and sensibility in my times of need.. I will miss you. Preston
