“ I was new to the HB area, only in 10th grade, and met Guy at church. He was so nice and welcoming. He really helped me not “feel weird” as an awkward teen in a new town. I’ll never forget his kindness!! God bless him!!!

“ Guy and I would speak every week and he was often forced to listen to me talk about God and the purpose of our life. There is no death, there's only a coming and a going, and Guy went and he's in a place that he could move forward although sometimes more difficult but he will be led by spirits, his guardians, and the Lord himself. We will miss him in the physical but all things and people continue. I know that the Lord is sending his servants to help him to be more Christ-like. All of us will eventually come back to God, none of us are lost, so pray for him on the other side because our prayers as humans are powerful. I love you brother. See you soon.

Guy was a great friend to me. I've known him since grade school. Probably kindergarten. I'm the oldest of the Ross and Beula Wilson's kids. Guy is the same age as me. I loved him like a cousin. He was always engaging and i liked his humorous observations. My personal favorite memory is he saw me at church and he took me aside to tell me he was across from me in the intersection of Springdale and Edinger .. we were both driving our VW busses. He told me he thought I looked real cute driving. We were 16!!!

20 years Later in our lives we ran into each other in Park City. I'll never forget finding him and visiting for a couple hours. I was delighted to hear he was married with children. That was awesome. Another 25 years went by and somehow we started talking again. Guy was taking care of Mom and living at home . We talked several times for about 2 years. I regret not keeping in touch. He is a dear. I look forward to seeing him in heaven.

I love you, Guy Jetter
