“ *I will deeply miss you Great Grandma. I will remember all the times we have gone to visit you in Arizona. Watching you ride your quad, or the Duster is what we would call it. Waking up in the morning to the smell of pancakes and bacon and seeing you cook and dance around the kitchen. Age was always just a number in your eyes and you were forever young. I remember the very first time I met you and Great Grandpa Dollar. You had drove all the way to Texas just to see my brother and I. I remember you giving us these really cool flashlights and pushing us around on our pedal Go-Karts. You were always smiling. You taught me how to play Chicken Scratch with dominoes and there are so many more memories I can share. I will cherish all these memories forever. I will pass along these memories to my children and grandchildren. I will tell them how cool, vibrant and awesome my Great Grandma is. We will truly miss you and we will forever love you. Rest In Peace and Paradise Great Grandma.*

She had sooooo many interesting things to show my kids and I on our adventures In that hot dry desert.. “Bigfoot” the footprint of something on a hot rock.The old abandoned mine.We all are going to miss her so much!!
