“ I'm Taliea His granddaughter, I think its sad to see him go so early in life but I'm glad to be doing what we loved together. (thanks to Makena for being there for me) when god called him i think it was time for him to go see god the father and his son Jesus Christ we will all miss him a lot. Later tonight i went over to check the stud, "coco" he cut his eyelid open so i asked grandpa after he had passed if he could help guide me and my parents " Jeff and Erdine" to know the best way to treat him and help him with his cut and i felt very comforted and calm. I grateful to know that he is up with Grate grandma Crapo and grate grandpa Crapo. When Makena and I hang out we always go over to the horses and when we go we feel grandpa Trent's spirt with us. Thanks Amy and Nicole, thank you for being there with us.

“ Rest Easy Trent 🐎🙏 All I can Say is Thank You For the Great Horseback Trail Rides. Some of them were a little risky 🤸 But I enjoyed every minute. And then you gave up some time to teach my Daughter Kassie how to ride 🙌🙏 Thanks Trent 🙏🙏🙏

To "Cowboys " family and all the people, kids and grandkids Trent and Vicky touched: our condolences to you. We are sorry for you great loss.

Over the years I have been blessed to know and love this family. Trent's great love to his wonderful wife Vicky and the love they gave unconditional to their many children and grandchildren and all that knew them is truly the hands of God. You have blessed so many lives.

Many will remember learning to ride and care for horses and to love all animals. Many will remember being taught honest hard work makes a day complete. Many will remember the detailed and work and love spent making gingerbread houses to bring joy to all at christmas time. Many will remember fresh vegetables grown from the garden and fresh bread.

Many will miss a helping hand no mater how big or small.

This is only a small list but many will be remembered.

Taliea, you were grandpa's right hand man and he will be with you always. His guidance through out your life will make you strong. Never forget the greatest of all he taught you. Love all mankind and animals unconditional. Cowboy will missed but his memory and unconditional love will remain forever to all that knew him.

Our family's prayers go out to you in this sad and difficult time.

“ Oh Trent. So I begin another day with tears flowing at the thought of you not being on this earth with us.

I have so many memories of a man that turned into a best friend. Every time I begin to cry, another moment of the time spent with you makes me laugh. Trent, you were such a big part of my teenage years, and I don't think anyone can ever know the impact you had on my life. You were like a second father to me.....and that is really saying something, because no one has ever been good enough to fit into that slot with my own father except you.

I laugh now thinking of you “turning” around from the drivers seat to tell us kids to behave. Or in the saddle.....yelling “speak up, I can't hear you”. You were such a joy, prepping for our Long distance races, learning Belly Dancing with us for the parades when we would not only dress as Arabic dancers but dress our horses as well. Oh my gosh.....swimming the horses in the pond on hot days!!!! What an amazing time we always had! The trips to Pine Valley, letting the horses loose in the meadow to rest all night, riding during the days and letting Snip just run to his hearts content while we rode the mountain trails.

I am so sad to know I will never get the chance to ride with my friend again.

Trent, you will be missed in this life but I just know I will see you in the next. Please get the horses ready and have them waiting at the gates. My friend, I Will love you forever!

“ Vicki and Family, Joe and I were so saddened to hear of Trent's passing. I have so many memories of riding with Trent along with Back Country Horsemen as well as often seeing him riding here around Dammeron Valley with the kids. He was such a great person, and a true horseman. We so enjoyed having you in the Dammeron Valley Ward and being able to see you often. Please know we love you and will greatly miss Trent.

“ Trent, this is so hard for me to do. You are a great man and I love you as I have loved all my uncles. I think it is because you remind me so much of own father and the great man that he is. Some of my greatest memories while living in St. George were working with and training the horses with you and DeVoy for the 50-mile endurance rides that we would participate in. My favorite was riding the North Rim of the Grand Canyon. It was so beautiful there and I loved riding Snip - what a great horse he was.

I loved the fact that you where no respecter of persons, everyone was your friend. And, it seemed like for you that no matter what your problems were, taking a horse ride was the best medicine to forget about it and focus on something else for a while and a great way to make new acquaintances.

You didn't know this: When I couldn't sleep at night I would go to the corrals and say good night to Snip and take him an apple. My favorite thing was to brush Snip down because I new he loved it. I can't explain it but having a horse to talk to and and pay attention to just made everything better. And I think you knew that well.

I loved getting the horses ready to ride in the St. George Parade.

I know that this is a tribute to Trent but this is also a tribute to Vickie. You were the love of his life and I guess you knew what you were getting into when you married a cowboy, from Fillmore Utah. Thank you for all the hospitality that you have shown to me and my family over the years.

That is about it for now, I might add more later.

I am heartbroken for your family. Your dad & grandpa was such a thoughtful man. He was always there for you Taliea riding horses, gingerbread houses, helping during cookie booths & even 5 am to help volunteer at the Marathon. That is one dedicated grandpa! Although it will be extremely hard, think of all your wonderful memories & create new ones he can watch over & cherish. Taliea, you have some pretty special guardian angels now with grandpa & your Grandma Drake that will comfort & help you through this life until you can be together again. Love you!
