

Leon and Warda Lewis

September 6, 2021

Leon and Warda Lewis passed from this world together, to continue their eternal journey, on the morning of September 6, 2021, as the result of a car accident.

F. Leon Lewis was born on January 9, 1935, in Marion, Utah, to Emery Lambert Lewis and Emma Hoyt Lewis. He was the third of their six children. He grew up in Marion, where he developed a great love for animals and farm work, in the family dairy business.

He met his wife while she was attending Utah State College in Logan, Utah. He proposed on their second date, but she taught school for a year in Las Vegas before they were married. They married on September 18, 1959, in the St. George Temple.

Warda Ann Hirschi was born on August 12, 1936, in Rockville, Utah, to Daniel Alma Hirschi and Myrtle Ann Dalton Hirschi. She was fourth of their five children. She grew up in Rockville, and soon after their marriage she returned with Leon to make their home there. She taught school in Hurricane for several years, and later worked for Zions Bank for 15 years in Springdale.

Leon taught grads 4-6 while serving as principal of Springdale Elementary for 31 years. He had a close connection to his students and was thrilled when he

received calls and visits from them over the years. He spent many summers as a Naturalist in Zion, he enjoyed giving the evening programs at the campgrounds and introducing visitors to the park. Leon always had a cow to milk, a few cattle, horses, chickens, and often pigs on his ranch.

No animal ever came to the LL Ranch without a name and a mention in his record book. The ranch was a source of much fun for their 15 grandchildren and 5 great grandchildren and a good education on the value of work for their four children: Vicki Ann (Ken Green), Vauna Vee (Richard Wolff), Rocky (Sheri), and VaNeta (Mike Shannon). They left a legacy of faith in the Lord, Jesus Christ and were blessed to serve in many ways in the Church of Jesus Christ of Latter-day Saints.

They are preceded in death by everyone who died before them and survived by those still living. They were loved by many and are grateful to many kind friends and relatives who made this life a joy to them.

Funeral services will be held on Saturday, September 11, 2021, at 2:00 p.m. at the La Verkin LDS Stake Center, 481 N. Main Street La Verkin, UT 84745. A viewing will be held at the same location prior to services from 12:00-1:45 p.m. Burial will take place at the Rockville Cemetery.

“ To the extended Lewis family please know we share in your grief and loss of a father & mother brother/sister, grandfather/grandmother. As a teacher Mr Lewis was the one whom i remember the best. He taught me that I would learn to spell the word "beautiful" when it was important and when I needed it. Mr. Lewis you had a beautiful and gentle soul. Ever kind. Ever patient. You are missed.

“ I am so sorry to hear of the loss of Leon and Warda. He was my teacher for 4th through 6th grades and a wonderful influence on my life. I have so many memories of sitting in the classroom listening to "Mr. Lewis" read aloud from the Little Britches series of books and of taking the Friday times table tests. I also have memories of having to sit for a week on the "one legged milking stool" after tipping over my chair too many times, a lesson I quickly learned to avoid. Mr. Lewis was a positive presence in my life and my memories.

I am saddened for all of the family and wish you many happy memories to share with each other as you celebrate the Christmas season this year. My prayers are with you all! Sonja (Peterson) Shields

“ To the Leon, Warda family,

The funeral was a very nice tribute and honoring of such great people. Good things and treasures you all shared about them such as Uncle Leon's favorite poem, about stories from his mother. Vicky mentioning doing a job right as I can hear my dad say that and put it in an old feed sack as well.

We loved going to visit Uncle Leon and Aunt Warda in the summers. We always had the red carpet treatment. I always remember going to Grafton, I think it is, and there were rattlesnakes in one of the buildings. But being around Uncle Leon and Aunt Warda was always an adventure with surprises so even snakes were not so scary. We so appreciated all of the fun adventures that we shared with them. Many adventures at Zions too.

I bless each of you who are a part of their legacy to carry on in their memory. To feel the little bit of them inside of you that is part of what they were and the things about how they taught us all about how to live. To remember those things and the joy they both brought to this earth. These things will make you laugh and smile and think of them.

Really, it made me smile as I can see my dad in Leon and Warda and family. Their nuances that are the same and their little sayings and the way we grew up as kids. Much of it is not that different really. Uncle Leon and Aunt Warda had some of the very same ethics. I loved the bucket guitar. Priceless really!

Love and light to all of you,

Lori Lewis

“ I am so sad for all of us -- I know we all will deeply miss this dear, dear couple.

When I visited the class that Leon was teaching at Springdale Elementary some 30 years ago and heard him recite from memory his favorite poem (pasted below), I was so touched by his love and sincerity, as well as his devotion to his students.

So when I composed my "Zion Canyon Song Cycle" many years later, I just knew I had to include Leon's story and record him reading that poem.

Every single time Leon took the stage to tell his story in Red Rock Rondo's song ("When the Rooster Crows, Company's Coming"), he brought the house down. Everyone just loved him. He was a natural because he was pure teacher -- he had the gift of love and life and knew how to share that with his students (and an audience).

All of us in Red Rock Rondo were so honored to know him and thrilled to share the stage with him, along with the hundreds of delighted smiles he generated.

I bet heaven's roosters are having a field day right now, crowing brightly because they'll have the company of Leon and Warda forever. As Leon says in the song, "When the rooster crows, they say company's coming; And I guess that's true, 'cause company's here."

And here's Leon's favorite poem:

*"You may have tangible wealth untold
Caskets of jewels and coffers of gold
Richer than I you can never be --
I had a mother who read to me."*

— Strickland Gillian

If you'd like to see Leon speak/singing his song, here's a link to the video:

May we celebrate and remember Leon and Warda Lewis. They were gracious, generous, loving, gentle and kind.

“ Dear Vicki, Ken, Vauna, Richard, Rocky, Sheri, Vaneta, Mike,

Our hearts hurt for your loss, but rejoice in the choices Leon and Warda made in this life which enriched us all.

Sweet will be the resurrection when we will be reunited with our loved ones.

Hikes at Zions National Park, listening to cowboy poetry around the fire , saddling up horses, riding in the horse buggy playing with the farm animals, cousins laughing are all cherished memories.

Love,

“ Uncle Leon & Aunt Warda, you have a special place in my heart, and will truly be missed! I am comforted that you are together. I always felt welcomed in your home; you always found a place for us, to sleep and at your table. I'm sure that was not easy with our large family. My fondest memories are your love for Zion's National Park. I saw the awe of it's beauty and hiked through with my uncle for a guide. I'd like to think that you both are like the strong trees that rooted into the cliffs. Your love held a beautiful family together and is an example to me and my family. Thank you for the many fun times with my cousins playing in the Virgin River, swimming and swinging across. It was so fun to get muddy, wet, and find baby toads! My heart goes out to Vicki, Vaughna, Rocky, and Vanita! I miss you all so much, and wished many times that we lived closer when growing up because it was so fun to be with you! May you be blessed with peace and comfort. I'm sure that your parents will always be very near, their spirits are rooted in the beautiful sandstone cliffs! Love, Sandra L. Harper

“ When we moved to Rockville a few years ago, Leon and Warda were so kind and welcoming! Leon gave me a tour around his farm and told me many stories. We talked for the afternoon and he sent me home with lots of vegetables from his garden.

In a time where so many of us are too busy to meet our neighbors, Leon and Warda were such good examples of how to make people feel welcome. I'm so saddened to hear of their passing.

We would certainly benefit by having a lot more people in the world just like this wonderful couple.

“ *My heart is broken. My dear friends Leon and Warda Lewis were killed in a car accident. Leon and I served together every Monday morning for 20 years at the front desk of the St George Temple. He was one of the kindest people I've ever known, as was his sweet wife Warda. I can't believe they are gone but I know they are having a beautiful reunion in heaven. May God bless and comfort their family and friends. They will be missed by many!* 🙏❤️

“ When Jon and I were a young married couple living in Rockville, Leon and Warda were always a kind and supportive couple to us. Leon had taught our younger brothers and sisters and they all remembered him as a a fine teacher. We were always amazed at his recall of the names of all the students he had taught throughout the years. He met Jon's brother Chris at the auction here in Cedar City about a year ago and asked about each of the Heaton family members by name even though he had not seen them for about 40 years. Leon loved animals and came to the auction in Cedar quite frequently.

They raised fine children also. One of them would visit my elderly mother, Clara Cope frequently and would bring her treats or small gifts when she visited. Mom always appreciated that. We will miss the friendly faces and kindness of Leon and Warda.

With fond remembrance,
Jonathan and Vicki Heaton

“ Michael and Diane McBride on Grafton Road are grieving with all those who called themselves friends of Leon and Warda. As we all know, they were "bigger than life itself" and all of us wish we could be as meaningful to friends and community as they were. I have fine photos of putting up hay in our pasture with Leon and am happy to share them. How well we recall that as new, newcomers, they came to the house and sat on the couch and we had a long and happy visit. I was lucky to be fed in their kitchen when I helped Leon rebuild the burned barn/shed. This is the "best of America" I thought on those occasions of helping one another cheerfully. Riding to the head of Horse Valley Wash on his Old Navajo was another of scores of sweet memories. My thoughts are with all of you. Blessings on you and yours.

“ I had the unique privilege of teaching school for 5 years with Leon. It was just the two of us. I taught first, second, and third grade; and Leon taught fourth, fifth, and sixth grade. He became a dear friend and when he invited me to his home in between school and evening meetings, I was treated with a delicious meal by Warda and I always joined Leon in his evening chores of milking his cow, gathering eggs, and feeding all the livestock. Leon and Warda are the “salt of the earth “ and will truly be missed. I’m so thankful for the small part of my life and the close interaction I had with them. Their examples have had a powerful impact on my life.

“ Doyle and I are so very sorry at the passing of your parents. What a shock. Leon was a few years older than me. I do remember him in the ward when I was a young girl. My brother George Simpson was a couple of years older than Leon and remembers many fun times with the Lewis Brothers. We send our deepest sympathy to Rocky and Ken Green who we know well, we send Love and Prayers to the rest of the family also. The blessing in their death is that they went together and did not leave one of them suffering from injuries in the hospital. Love and prayers to each of you. May Heavenly Father comfort you and the Holy Ghost whisper peace.

“ Your family does not know me but I met Leon at the cattle auction one year. He touched my soul as he helped my disabled friend bid on a cow of his choice. I lost my mother and father to a car accident . I feel your hearts, as I have experienced how you must feel. . I will always be grateful for the tender mercies in life and Leon was one of those tender mercies in this world. Leon was a true example of Gods greatest commandment for us to love one another. “ It would be impossible to pull the threads of Leon and Warda from the fabric of my family's life without leaving an unpatchable hole, from surprise egg deliveries to homey home teaching to speaking at family member's memorials.

My all-time favorite memory was one of Leon's surprise visits to my sister Becky Barker's home a couple years ago, and when he popped his head in, he said, "I heard Delmar was in town and just had to say hi!"

“ Leon had a great love for basketball. He would hang around with the youth and school them with his formidable shooting prowess. Especially his 3-point shot. Now, I consider myself to have been a baller, and a pretty good 3-point artist myself. But I NEVER had the nerve to challenge him to a shooting contest, cause I knew he'd school me (he was a teacher)! We lost an icon, and he and Warda will be missed terribly. Mr. Lewis had a world-class sky hook. Only Kareem himself could compare.

Kyle Bennett - September 08, 2021 at 08:35 PM

Known by Mr. Lewis by all at the school and commonly as President Lewis and Brother Lewis at church, Leon was and is an absolute hero of mine (I also always felt quite fortuitous to share a birthday with him). I think back so fondly of those elementary school days: being educated by him in a myriad of subjects, being read books by him (including "The Great Brain" series) daily after lunch, and (my personal favorite) playing basketball with him at recess. That hook shot of his was truly amazing - he had range well out beyond the top of the key and could even drain it with one (or more) of his students hanging onto his left arm. He also had in his arsenal a quick-trigger, two-handed push shot that was absolute money from most any distance. Perhaps in the great hereafter I'll get another chance to shoot some hoops with him (although, to facilitate that, he will undoubtedly have to take a trip quite a bit southward to visit me in much warmer climes).

In the world of celebrities we commonly hear about "power couples" - in my view Leon and Warda were the actual embodiment of a true power couple. Always so warm and kind to all, consistently true to their beliefs and to each other. I have no doubt their marriage relationship is eternal and, together, they have now made that step to the other side. While we who now remain will miss them tremendously, they leave a great legacy that will ever linger and resonate throughout Zion Canyon.

Two of the most beautiful people the Lord ever produced..Warda was my PE teacher at Hurricane High and she was always happy and caring. Leon was the Bishop during the last couple of years of my mother's life and I will never forget how compassionate and loving he was to her.. I have admired Warda and Leon over these many years and love them for their humility and for their love of everyone they chanced to meet.. May their influence linger in our lives to make us better citizens..Thanks Leon and Warda for your example of Christ's love..

If anyone epitomized the saying “salt of the earth “ it would be Leon and Warda Lewis. Goodness and kindness emanated from them with such ease I feel sure they were born that way. One would be hard pressed to find anyone in our canyon community who has not been on the receiving end of their loving concern - for it was always there, available to all. The day I heard the tragic news, I sat with a tearful and grateful heart remembering the many gifts they have given me over the years. For some reason, my mind took me back to the time Warda worked at the bank. She always sent us on our way with a cheerful “have a good one”. My heart smiled, and in my mind I pictured Leon and Warda planted in the universe where they are most needed, and my heart called out “ have a good one”. You are so loved.

Authentic Kindness with a huge spirit of giving, Leon is truly special. The first time I meant your father he showed up at one of my fields that was 4 ft high and started mowing my field w/o a word. When I went out to greet him, He taught me to clear all the rocks from the field first and than pointed out all the noxious weeds I should dig up. He got up and down off the tractor 50 times to help clear rocks. I did not know him until that moment he showed up. He made quite a impression on me, One which humbles my spirit every time I pass their home. You must feel truly blessed to call them dad and mom. Praying for your peace and comfort.

I am truly saddened by the loss of Warda and Leon, they are and will continue to impact the lives of all of us, privileged to know them. Last time I visited the Ward who was there to greet worshippers but Leon, with a firm hand shake and a pat on the back, followed by a hug from Warda, waiting in the chapel for Leon to join her, together in life and death. Memories have been running thru my mind all week but many have a common thread, Christ like service, love, gentleness and kindness to all who crossed their way. Warda's great smile and laugh and Mr. Lewis' no nonsense way with that twinkle in his eye. My deepest sympathy and prayers to the family, and to the canyon community, who are mourning such a giant loss.
