

Monty Edward Hollie

October 8, 1947 - June 11, 2021

Monty Edward Hollie, age 73, passed away unexpectedly on June 11, 2021. He found a home in the St. George area, rich with friends and community that he adored for over 15 years. He fulfilled many roles in his family and professional life: none more important to him than being a devoted husband, father and friend.

Monty was born on October 8, 1947 in Monterey Park, California to Manuel and Audrey Hollie. He was the oldest of his three siblings Ronnie, Connie and Terry Hollie.

Monty was blessed with an eagerness to get involved, and a need for human connection with those around him. He served in the United States Navy, and later found a career in sales and management that allowed his character and personality to shine brightest.

When he wasn't busy making the day successful, he was known to draw smiles and laughter with a legendary sense of humor and an aptitude for story-telling. Throughout his days, to the people and places he has been, many will simply know him as "The Great Flying Wally" and having a love for sunsets.

He is survived by his wife Kimberly, his three sons, Daniel, Matthew and

Nicolas, and his grandson Luke Hollie.

The family would like to thank all of his friends across the country, his friends in St. George, Utah and everyone at Westland Construction, Consolidated Electrical Distributors, Buck's Ace Hardware, and his friendship with the Church of Jesus Christ of Latter Day Saints for filling Monty's life with loving support, family and community.

Contributions in memory of Monty can be made to the Arbor Day Foundation (arborday.org) by planting a Tree-In-Memory in his honor.

Celebration of Life will be held at a later date.

“ Hello Kim and Family, I just learned this sad news this morning. I am so sorry.
My name is Kirk and like Monty I was born in 1947 and like Monty I grew up in Monterey Park. We lived one block apart from each other. We attended grade school together and then our lives drifted apart for some time. Then we met each other again in the 70"s as we both ended up in the same industry. Later, I lived in the Inland Empire of Southern Calif as Monty did and I watched him make major strides and accomplishments for the companies he worked for in that area. I lost track of him again, as the National company he worked for promoted him to a larger position in the San Francisco Bay area.
Monty had a route and we folded daily newspapers in his driveway as youngsters.
Monty was a friend and a business associate and was always trusted and admired by all who met him. In closing, the picture posted of Monty is the "perfect" picture of him. He ALWAYS had a smile for you and now years later I can still hear that quiet chuckle in his voice.

“ Any time I think of Monty or even hear his name my immediate reaction is to smile. Monty was always so filled with joy and excitement, if I'm wrong don't tell me, it's what I saw! Whenever he saw me I was greeted with a smile, warm hugs and a genuine curiosity about whatever I had been up to. He always asked about my family wanting to know how our Soldier was doing. Monty was even there to offer his support when our boy shipped out to become that soldier. His love of dogs was beautiful. He truly cared about them, protecting and providing for them. The only thing he loved more is his beautiful, amazing wife Kim. She kept him in line and on task. He always got a sparkle in his eye when he talked about her. Monty, I will remember you every time the sky is a fire with color, the breeze blows through the tall grass of a Mountain View and when I see a dog being loved by it's parent. Thank you for all the smiles and hugs. Hope you are playing with Mugs!

“ Oh how my heart is broken! Monty took the time to get to know every member of our family, down to the youngest grandchild. He never forgot a single name and asked about family members whenever we spoke. He attended every Christmas and Easter program for my little ward choir even though he wasn't a member of our church. He was such a wonderful supporter, friend and neighbor. Monty, you will be so missed. Kim, our thoughts and prayers are with you.

“ I had the pleasure of working with Monty and Kim and got to know Monty quite well during that time. Monty was always upbeat and positive and shared stories with me whenever we met. His sense of humor was always welcome and we had quite a few laughs together. It's hard to believe that he is gone but his memory will be with me forever. Thank you, Monty, for bringing so many laughs and smiles to my life. I will miss you!
