They don't live wit us at this time, but I still get to see them.

I know they are being taken care of good and plus they are happy, doing good.

I want my kids to know there ain't a day that goes by I don't think about them and I pray for their happiness.

I know one day they will come find me and that I have something to look forward too.

I make it a point to see people smiling and having a good time.

Laughter is the key to happiness and no worries everything works out one way or another just have to go with the flow.

Smilez make the world a better place, So from ear to ear smile :)

"Don't judge me for my past, Go through what I did then you'll understand why I made my choices. But know this I do regret anything when it come to my kids. I love and miss them everyday."
