

Reed Conrad Scow

July 3, 1936 - July 12, 2020

Our kind and loving husband, father, grandfather, great grandfather and brother Reed Conrad Scow, 84, passed away surrounded by loved ones on July 12, 2020 at his home in Leeds, Utah. He was born July 3, 1936, in Manti, Utah to Ruth and Ernest Scow. He married Pat in 1985. Reed was a member of the Church of Jesus Christ of Latter-Day Saints. He served in the Sunday School presidency. He also taught CTR B's in California.

Reed was a hard worker and enjoyed laboring in the yard. Through his achievements he instilled in others the spirit of hard work. He loved going for drives anywhere, especially Zion Natl Park. One of his passions was flying over Southern Utah with his dear friend Joe.

He was very proud of his tree farm and took great pride in growing and planting his evergreens, and sold many to the community. He worked in the construction trade building freeways and highways all over Utah and on the Quail Creek Dam. When called to serve, Reed eagerly accepted assignments and performed his duties. He served many years as President of the Angell Spring Water Co. and initiated a secondary water source, A MEGA WELL.

Reed was most proud of completing a 2-year Chemical Dependency Course in California to become a C.D. counselor.

“And still this rule in my mind shall dwell,

Whatever I do, I will do it well...

And do you not think that this simple plan

Made him a wise and useful man?”

“ *Reed has always been helpful: He got me my first post-high school job over 30 years ago. And I always enjoyed our lively political discussions. I know he loved my mom, and he often had something thoughtful and kind to say about her when he and I were alone.*

In addition to our family life, I got to know him as a member of the Angle Springs Special Service District. And whether he was giving me personal counsel or chairing the meetings, I loved how he could simplify issues into a sentence or two. Simplifying ideas into plain English was one of his strongest attributes.

Keeping it simple Reed: We love and miss you!

Love,

“ *My mothers' husband of 35 years passed away last Sunday, he was also my friend. His mother was an extraordinary woman from Manti, Utah named Ruth Scow. We learned to love his children, and extended family, and grew to appreciate the character of this family. Years ago Reeds' mother Ruth came and visited him in a dream and he changed his life, took out his temple endowments and became an active member of the church and enjoyed the blessings of the gospel. Together he made a life with my mother and we were always embraced with love. My dear friend has graduated and resides on the other side. Farewell... Until we meet again...*

A few stories. Reed loved to dance. Often I'd see him give my mother a whirl and he would sing Home Home on the range a lot. When the family came over Reed had his ATV and spent hours making sure that all the kids got a ride with him. Dusty and thirsty still willing to take another child that decided it wanted its turn after all. There's there's the two golfers that Reed shot and buried in the back yard. My 5 year old daughter told us all about how Grampa Reed was Getting rid of golfers. Gary and I were talking about the golf times and crowded greens when Crystal said there's two less golfers cause Grampa Reed shot two this morning and buried them in the back yard. We laughed and said " baby Grampa Reed shot gofers, not golfers, "
