“ Thinking about the last time when you and Pearl were at our house for Thanksgiving and the weather wasn't ideal as it was cold and raining, but we had fun. We took you to Salt Lick BBQ in which you enjoyed. Look at that smile! We will be thinking about you.

“ Steve is my first cousin and we grew up together in Santa Clara. Since Steve lost his dad when he was young, he was raised by my dad and we were like family. He was one of my best friends thru the 6th grade where we attended the Santa Clara Elem. School. We also attended Woodward Junior High and Dixie High School in St. George.

We spent a lot of time together, riding our horses upon the red hill. He rode a little black horse, named Lucky that was very fast. We swam in the Santa Clara Creek, play marbles and did many of the things young boys do. We also spent time in his home where we played with an amazing train set in his basement. It was always alot of fun because it had many cars and it actually ran.

Our families went fishing and deer hunting together for many years. Seems like we usually fished at the Upper Enterprise Reservoir, and always caught alot of fish.

Each year our families hunted deer at Bull Valley. It was fun to camp and hunt together.

When I was about 19, we were hunting deer at PaCoon(Utah Hill). We were with his brother Bruce and had a most memorable hunt. I got a nice 5 point buck and Steve got a nice 3 point buck. Those were some great and fun times together.

I wish Pearl and her family the best through this difficult time.

“ I grew up living across the street from Steve. He was one of my first friends. My brother Doug was the same age as Steve, and I loved to play cowboys and Indians with them. However, as we got older, they didn't want me around anymore.

*I remember the early 60's. Steve had the Chubby Checker records and his own record player. We used to practice the Twist for hours in his back yard.*

*Fun memories of growing up in Santa Clara, and attending the old elementary school! My condolences to Pearl and all of the family. I hope you feel the peace of the atonement, and know that Steve is in a better place.*
