“ I worked with Tom at Utah Power in the late 80s, early 90s. Tom was a man of character and kindness to all. He helped my husband and I move into our new home. I'll never forget him lifting our “big screen” TV by himself and putting it into the moving truck! He was the photographer at our wedding in 1991. Every time I look at those photos I think of him and his kindness in doing the photography and album at no cost - as a wedding gift to us. It will now hold a much deeper meaning to me each time I look at that album. He may be gone, but he will never be forgotten. Heaven is a much better place with Tom in it.

“ I met Tom when he came to work for the power company all those years ago. We were on the same crew back in the day. Tom you were truly a good friend, and good co worker. I don't think I've ever heard anyone speak a bad word about Tom. He was loved and respected everywhere he went. Tom was always happy and was always a positive influence. If I'm lucky enough to see you on the other side I'll know I'm in a good place. Godspeed, you will be missed.

I wanted to write so Tom would know how much we loved and appreciated his friendship. As I sit here "Glory Days " is playing in the background. Then Bob Seger came on. I remember going to Denver Colorado to see Bruce "Boss" in 1985 and Tom was with a group of us from Utah. Lots of good times. Tom was the best person ❤️ RIP "Big Tom"
