“ This was such a shock when we saw this in the paper! We have known Vera for so many years! What a great lady she always was, and such a worker with so much integrity and class. I will share this with my 92 year old mother today, and she will be so sad as well. There was no-one that could get blood from Mom like Vera could! What a great nurse! Vera, you will be missed in so many ways!

“ *Our family has been longtime patients of Callahan Clinic. Over the years it was our good fortune to become acquainted with Vera. She was always so helpful, so compassionate and so pleasant every time we needed advise or help with any health issue. We actually looked forward to a visit to the doctor knowing that Vera would be there. She was one of those rare individuals that we felt really cared and showed concern as if we were her only patient. We will truly miss her. Our kindest thoughts we send to her son, her family and friends at this time.*

“ *I'll never forget many years ago when I served in Primary under Vera. I was struggling with not knowing how to keep control in my class. Vera went out and bought stickers for me to use. To this day, whenever I teach in Primary, I use some sort of "reward" for reverence. I learned a lot from her sweet, loving spirit. I know she will be greatly missed by many. My heart goes out to you. I know you were closer than any sisters could possibly be....best buddies.*

“ Dearest Ryan, Paula, Bobbie and family. I will cherish all the memories that go back so many years. Vera IS a sweet and wonderful person. Our trips to the cabin will never be the same but the fun times we shared will bring back sweet memories and a knowledge of the gospel tells me we will all be together again.
